Once you select **Entrance Test Preparation**, you may choose from a variety of practice exams, such as general science, math, reading comprehension, and verbal ability.

The TEAS exam consists of four (4) sections: Reading, Math, Science, English & Language Usage

The test usually lasts about 3 ½ hours with each section timed individually. It consists of 170 questions.

If you do not achieve the minimum required score 58% on the exam for PN admission, you may retest one time. It is recommended to wait at least 30 days after the initial exam so the applicant can study to improve test score.

The cost of the assessment is \$70.00 and must be paid prior to scheduling the exam. You may pay for the test at the CTC front desk, or on-line at capectc.org. Payment may be made by cash, check, debit, Visa, Discover, or Mastercard.
